Introduction

Student participation in the athletic program of Crestline Exempted Village School District is a privilege. Through the years, Crestline High School has developed a great tradition of athletes. This tradition has been the product of hard work attributed to many people over many years. Our teams and individuals have earned recognition and distinction through conference and state play. Our tradition has been to participate in such a way that honor is acquired by our students, athletes, our school, and our community. Such tradition is worthy of the best efforts regarding all concerned.

As a member of an interscholastic team, your child inherits distinct responsibilities. His/her role in contributing to such an athletic tradition may not be easy. However, any contribution he/she makes undoubtedly will be a source of satisfaction not only to his/her school but to the athlete personally. Student-athletes are expected to conduct themselves in an exemplary manner as a member of a Crestline team. Team members will adhere to the athletic rules, regulations, and policies established by Crestline Exempted Village School District and the Ohio High School Athletic Association. Violation of any of these will result in disciplinary action. These rules, regulations, and policies govern all student-athletes electing to participate in athletics for the Crestline Exempted Village School District

ACKNOWLEDGMENT OF RISK

Risk in sports is a topic which has received a substantial amount of publicity recently. All human activities, including sports, have a potential for causing injury to individuals. Sports injuries can range from simple cuts and bruises to serious conditions such as fractures and severe sprains possibly requiring surgery to catastrophic occurrences which include eye injuries, neck and back injuries with resulting paralysis, and, although rare, death. Proper conditioning, correct techniques, training, and properly fitted equipment can greatly reduce your child's risk of injury. The coaches of Crestline Exempted Village will properly prepare student athletes to prevent, protect, and treat all sports related injuries.

We, the parent and student-athlete, acknowledge the risk of injuries detailed above is present in the sports offered in the Crestline Exempted Village system. We assume these risks with the understanding that the Crestline coaches will do everything within reason to reduce the injury potential to the student athlete. However, if any injury does occur, the student athlete is expected to report the injury immediately to his/her coach.

ATHLETIC RULES, REGULATIONS, AND POLICIES

SUBSTANCE & CHEMICAL ABUSE POLICY

Any confirmed violation of the following policies will result in disciplinary action. The policy will be in effect for students in grades 7-12 involved in any extracurricular/co-curricular activity. A student will be under the jurisdiction of this policy from the time they initially receive the policy through graduation. This policy will be in effect from the first practice until the last contest of all sports for the duration of the season. Penalties for violation of this policy will be cumulative throughout a high school student-athlete's career. Infractions occurring in the middle school will not be carried over to the high school.

Student-athletes choosing to participate in any sport will be required to submit to a random drug screen to be eligible for competition. The goal of this policy is not to "catch" students using illegal chemicals but to help students have additional compelling reasons not to use chemicals. The drug screening will be administered one time during each athletic season: Fall, Winter and Spring. Should a student test positive to the presence of an illegal substance, the athletic code of conduct will be followed. Failure to provide a random sample will be considered as a positive result. Crestline Exempted Village School District student-athletes shall not possess, sell, consume, purchase, or be under the influence of any drugs, alcohol, steroids/performance enhancing drugs, look-alike drugs, or prescription drugs not prescribed to the student-athlete, tobacco, electronic cigarette.

SOCIAL MEDIA GUIDELINES

In an effort to foster good sportsmanship and to deter the need to enforce discipline, Crestline Exempted Village School District recommends the following guidelines as best practices for the use of social media by Crestline High School student-athletes. For the purposes of these guidelines, social media means any form of electronic communication through which users create online communities to share information, ideas, personal messages, and other content.

Student-athletes are not restricted from using any online social network sites or digital platforms. However, users must understand that any content they make public via on-line social networks or digital platforms is expected to follow acceptable social behaviors and also comply with federal government, state of Ohio, Crestline Exempted Village School District and Ohio High School Athletic Association rules and regulations. As a Crestline High School student-athlete you are held accountable to the Student Handbook regulations. Ignorance of these regulations does not excuse student-athletes from adhering to them. These guidelines are intended to provide a framework for student-athletes to conduct themselves safely and responsibly in an on-line environment. As a student-athlete at Crestline High School you should avoid posting:

- A. Derogatory language or remarks about teammates, coaches, students, teachers, administrators or representative of the school
- B. Demeaning statements about or threats to any third party
- C. Incriminating photos or statements depicting violence, bullying, hazing, sexual harassment, vandalism, stalking, underage drinking, selling, possessing, or using controlled substances; or any other inappropriate behaviors.

- E. Indicating knowledge of an unreported crime
- F. Indicating knowledge of an unreported school or team violation, regardless if the violation was unintentional or intentional.

- Possible consequences from the Crestline Exempted Village Administration
