

12.6.2020

Parents,

Over the last 18 hours, our situation has changed compared to how we began a week ago and we are now facing the same issues with covid-19 and illness we had back in October when we went remote as a district. I do not take these decisions lightly and always consider the safety of our students and staff as the most important factor.

With that said...

The Middle School and High School will be going remote IMMEDIATELY starting tomorrow, Dec. 7 and for the remainder of the semester at minimum.

Pre K and Elementary will be going remote beginning Tuesday Dec. 8 and for the remainder of the semester at minimum.

This is due to the impact of one positive case among the student population on the MS/HS side along with some feedback from our health professionals. Contact tracing for students will begin once the health department receives the verification of a positive case.

Also, there is an increase in quarantine among our elementary population along with illness with two or more symptoms.

We will communicate a meal plan for all students tomorrow. We are working on a plan to deliver meals as needed to our Middle School and High School students tomorrow, December 7. More information to follow.

Thank you for your understanding, patience, and support during this difficult time.

Mr. Henderson
